[EXTERNAL EMAIL]

Hi Gary,

I'm writing to follow up on our discussion regarding the upcoming mediation proceedings and the most efficient path forward for the parties now that Power Integrations has a formal seat at the table in the Anker case – attached per our discussion is a proposed dismissal of PI's separate case against CogniPower, to allow the parties to focus their efforts in their other case. Please let me know if you have any questions or want to talk through anything on this.

On a related note, we should also confirm to the Magistrate that there's no need for a call this coming Monday to discuss the issue of separate mediation sessions, as had been raised in pre-intervention submissions – any objection to having the DE folks e-mail the Magistrate's chambers to that effect?

Thanks.
